

# In the Search of Environment

# Our Chairman

The significance of Environment has long been recognised by the Indian Culture.

Bhagwad-Geeta gives clear hypothesis connecting the activities of human beings.

अन्नाद् भवति भूतानि, पर्जन्यादन्नसंभव: । यज्ञाद् भवति पर्जन्या, यज्ञ कर्मसमुद्भव: ॥

Human activity can be a religious activity provided it is based on sacrifice and not unlimited consumerism. Man must recognise the gift of nature and as an acknowledgment recycle whatever is given to him by the nature, back to the divine source, The God, or may be called as Nature. The meaning of above said 'shloka' is human activities should lead to more rains, more rains will create more food and more food will support the creation of The God i.e. the Environment.

All the forms of pollution are connected with 'Tritatva' i.e. Water, Earth and Air. But the word environment should not be restricted to physical, chemical or biological sense, but reflects the working of human mind. The Environment has eight facts.

भूमिरापोऽ नलो वायुः रवं मनो बुद्धिरेवच। अहंकार इतीयं मे भिन्नाप्रकृतिरष्टधा॥

A self-disciplined human activity alone will lead to the environmental protection and as a natural corollary selfish exploitation of nature will lead to destruction.

# Our Managing Director

Every human activity causes small or big impact on environment setting of this world and it first happened when man dug a hole on the earth for even tree plantation. The nature rectifies such damages of its own in due course of time. But in last hundred years due to rapid industrialization and urbanization, these activities has increased many-folds and these damages cannot be digested or rectified by the nature itself, so the SOS has been finally sent by the nature.

WE ARE LIKE A TINY SHIP IN THE OCEAN OF UNIVERSE; SUPPLIED WITH LIMITED WATER, FOOD AND AIR. WE MUST PRESERVE IT. NOBODY WILL COME TO OUR HELP.

Instead of calling it as commitment we must understand that we have no option left for saving environment. Challenges of next 50 years for mankind will be of environment and energy. Before it is too late, let us start acting on it.

SHEKHAR TAMHANE (Managing Director)

# INTRODUCTION LETTER

Dear Sir / Madam,

We would like to introduce our organization - ULTRA-TECH Environmental Consultancy & Laboratory and request to provide us an opportunity to serve you with our quality environmental services.

ULTRA-TECH is a dynamic environmental consulting and laboratory services providing organization, since its inception in 1986. It is a confluence of well qualified and experienced engineers, environmental experts, management professionals, project management experts, well trained 0 & M, sampling and lab analytical teams etc.

ULTRA-TECH's environmental experts are approved by NABET for various functional areas like air pollution control and monitoring, water pollution control and monitoring, ecology and bio-diversity, socio-economy, solid and hazardous waste management, land use applications, hydrology, geology, noise and vibration, risk analysis and hazardous waste management, air quality and soil conservation and also as EIA coordinators for various project sectors like building construction, townships, sugar, distilleries, synthetic chemicals, river valley, thermal power, mineral beneficiation and metallurgical industries etc.

ULTRA-TECH is having following certifications and accreditations.

- □ The company is ISO 9001:2008 certified
- Its' EIA organization is accredited by QCI-NABET for various project sectors
- ☑ Its' Environmental Laboratory is MoEF approved and OHSAS 18001:2007 certified
- 🗵 Its' Environmental Laboratory is NABL Certifed for parameters of various environmental media like air, water, waste water etc.
- The company's environmental experts are approved by QCI-NABET as EIA Coordinators for various project sectors and functional areas.

### ULTRA-TECH's core functional services include

### ULTRA-TECH has following credentials:

- State of Art Environmental Laboratory & Trained Manpower, Gazetted by MoEF.
- Affiliated to Indian Green Building Council (IGBC), Hyderabad.
- Market Affiliated to United States Green Building Council (USGBC), US.
- Environmental Consultants for Federation of All India Textile Manufacturing Association (FAITMA)
- ☑ Environmental Consultants for All India Lead Manufacturing Association.
- MABET, Quality Council of India, Accreditation for its EIA organization.
- ☑ ISO 9001:2008, Quality Management System implemented
- □ Association with leading clients for providing environmental services
- □ Brand Loyalty for its environmental clearance services

# $ULTRA-TECH\ is\ honored\ by\ the\ following\ firms\ for\ its\ unflagging\ quality\ environmental\ services:$

- 🗵 TECHNICAL CONSULTANT OF CRISIL, MUMBAI, For Common Effluent Treatment Plant issues in Gujarat, India

**Environmental Clearance Services** 

Project Consultancy & Turnkey Project Services (ETP/STP/WTP)

**Environmental Laboratory Services** 

CRZ clearance for proposed bridge at Bankot Creek, Maharashtra.

# STP-ETP-WTP Engineering & Turnkey Project Consultancy Services

Our Engineering and Turnkey Project Consultancy Services department is a confluence of chemical, environmental, civil, mechanical and electrical engineers, engineering design and development professionals, materials and business management experts and commissioning, operations and maintenance teams for providing required services for STP/ETP/WTP projects on turnkey basis.

ULTRA-TECH engineering and project management team has designed and commissioned number of STP/ETP/WTP plants for various industrial, commercial, infrastructure, construction and corporate sectors and has been operating and maintaining number of these plants on annual contracts.

Our engineering and turnkey project consultancy services include:

## PROJECT CONSULTANCY SERVICES

- Preparing Pre-feasibility Report and Treatability Research and Development studies
- Developing detailed designing and engineering services like P&I diagrams, plant layouts, structural drawings, piping drawings, listing and quantity requirement, machineries and accessories supply source identification and analysis etc.
- Preparing project planning, scheduling reports apart from operation and maintenance manuals
- □ Developing SOPs for plant trouble shooting guide

# TURNKEY PROJECT SERVICES

- Designing and developing suitable treatment schemes with various optional systems like conventional, diffused aeration, MBBR, SAFF, MBR SBR, Ultra-filtration, Ultra-violet and RO plant systems

# Our engineering and project management department

is well known for its quality, cost effective, well scheduled and timely services and has developed a niche in its prime regional markets and at present enjoying its position through attaining optimum customer satisfaction.

# OPERATION & MAINTENANCE OF STP/ETP/CETP/WTP

ULTRA-TECH has a well trained, experienced and skilled operation and maintenance team for providing operation and maintenance services for STP/ETP/CETP/WTP plants on annual contract basis.

- ▼ For all STP/ETP/CETP/WTP plants designed & developed by us for agreed mandatory period

## SUPPLY OF SPARES & CONSUMABLES

Wesource and supply quality spares, accessories and consumables through our registered and well trusted vendors developed by our project management team via vendor analysis.

### MANUFACTURING

■ We are having our own associated manufacturing and fabrication units for making following products, machineries and instruments.

Package waste water treatment plant
Agitator
Activated Carbon Filter
Pressure Sand Filter
Softener
Clariflocculator
Clarifler mechanism
